

Teradata Vantage and AWS SageMaker

Promotion: Web-Based Training offered at no charge through the 1st of June, 2022

You can access the course [here](#). Need help? Reach out to

customer.education@teradata.com

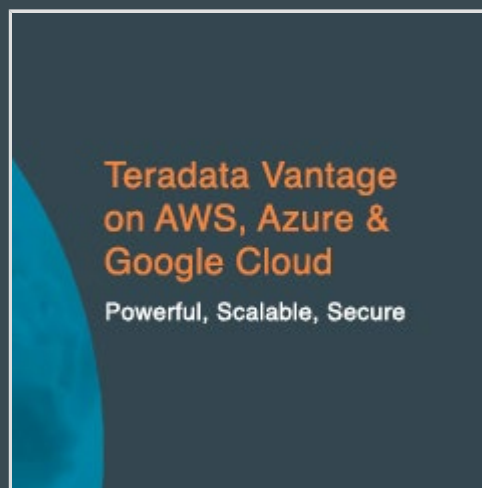

Chrome use is **mandatory for lab environment.*

Amazon SageMaker is a fully managed service that enables developers and data scientists to build, train, and deploy machine learning models at any scale quickly and easily. **The data is modeled and loaded in Teradata Vantage.**

This course has a **hands-on lab in AWS**, where the student will write data to AWS s3 storage using the database **WRITE_NOS** function, run code using SageMaker Studio to train an XGBoost model, and create engine failure predictions using the **Bring Your Own Model (BYOM)** workflow with in-database scoring leveraging the PMML_Predict function.

Course duration: 60 min

Curious on Cloud? Here are Free Teradata University Courses that can Help

In these presentations Brian Wood explains cloud deployment options, as-a-service and do-it-yourself for each Cloud provider. Benefits, subscription features, and consumption models are provided.

Duration: 13 to 30 min
